Requirements for Shore Reception Facilities (SRF)"

The PPA and other co-defendant government agencies lost Civil Case No. 1851-99, an anti-sea pollution complaint, decided by the Regional Trial Court (RTC), Branch 20, Imus, Cavite. Pursuant to its decision promulgated on 28 September 2005, the Court of Appeals affirmed in toto the assailed RTC decision. The affirmed decision specifically mandated PPA to prevent and also treat the discharge not only of ship-generated wastes but also other solid and liquid wastes from docking vessels that contribute to the pollution of the bay.

In compliance with this Decision and Presidential Decree No. 1152 otherwise known as Philippine Environment Code, the provisions and procedures of PPA Administrative Order No. 02-2003 are hereby reiterated for stricter enforcement by all concerned. All PDO and PMO Managers shall, therefore, ensure full compliance of the foregoing Order, in addition to the following requirements:

1. Accomplishment and submission of Annex C, Wastes on Board Vessel Information Form, (Section 5.3.1) by the shipping agent/line/company when applying for berth. PMOs shall assign Control Numbers to said Form for proper monitoring and accountability.
2. Application of the sanctions as specified in Sections 12.1 and 12.2 for vessels that fail to:
 - 2.1 dispose of their garbage into the reception facility;
 - 2.2 discharge the oily waste or Noxious Liquid Substance into the reception facility after PCG's verification; and
 - 2.3 pay the required fees
