### ARTICLE III CONSIDERATION

3.01 For and in consideration of the full, satisfactory and faithful performance of the CONTRACTOR of all its undertakings defined in and provided for under this Contract, including contract documents incorporated therein, the PPA agrees to pay the CONTRACTOR the total amount not exceeding **SIX MILLION PESOS (PHP 6,000,000.00)**, Philippine Currency, inclusive of the twelve (12%) percent value added tax including any increase thereof, payment to be made and computed on the basis of final quantities at the unit bid price for each item of work actually performed and finished for each pay item as determined and accepted by PPA and in the manner set forth in the bid documents, as full compensation for everything furnished and done by the CONTRACTOR under this Contract, including all works required but not specifically mentioned, and also for all losses and damages incurred by the CONTRACTOR arising out of the aforesaid work, from the action of the elements, or from any obstruction or difficulty encountered in the prosecution of this Contract, for all expenses incurred by or in consequence of the suspension or discontinuance of the contract herein specified and for faithfully completing the contract and the whole thereof, at the time and in the manner provided in the Contract Documents.

3.03 Any payment due and payable to the CONTRACTOR may be set off against liquidated damages which the CONTRACTOR, under this Contract is liable to pay the PPA.

3.04 It is likewise understood that the CONTRACTOR shall show proof evidencing payments by the CONTRACTOR of labor, materials, supplies, insurance premiums, etc., used in the work, before any payment is made to it.

For this purpose, the CONTRACTOR shall, before payment is made for the works accomplished, submit an affidavit certifying to the fact of payments of said labor, materials, supplies, equipment, insurance premiums, etc.

3.05 All payments shall be subject to existing government accounting and auditing rules and regulations.

3.06 Progress payments are subject to retention of ten percent (10%) referred to as the "retention money". Such retention shall be based on the total amount due to the CONTRACTOR prior to any deduction and shall be retained from every progress payment until fifty percent (50%) of the value of works, as determined by the PPA are completed. If, after fifty percent (50%) completion, the work is satisfactorily done and on schedule, no additional retention shall be made; otherwise, the ten percent (10%) retention shall be imposed.

3.07 The total "retention money" shall be due for release upon final acceptance of the works. The CONTRACTOR may, however, request for the substitution of the retention money for each progress billing with irrevocable standby letters of credit from a commercial bank, bank guarantees or surety bonds callable on demand issued by any reputable surety or insurance company duly accredited by the Office of the Insurance Commission of amounts equivalent to the retention money substituted for and acceptable to PPA, provided that the project is on schedule and is satisfactorily undertaken. Otherwise, the ten percent (10%) retention shall be made. Said irrevocable standby letters of credit, bank guarantees and/or surety bonds, to be posted in favor of PPA shall be valid for a duration to be determined by PPA and will answer for the purpose for which the ten percent (10%) retention is intended, i.e., to cover uncorrected discovered defects and third party liabilities.'

#### ARTICLE IV PERFORMANCE SECURITY

4.01 To guarantee the faithful performance of the CONTRACTOR under the Contract, it shall post upon the signing thereof a performance security in the form of cash, manager's check, cashier's check, irrevocable letter of credit issued by a reputable bank or surety bond callable on demand and issued by the Government Service Insurance System (GSIS) or any surety company duly accredited by the Office of the Insurance Commissioner in accordance with the following schedule:

d. Any combination of the foregoing.	Proportionate to share of form with respect to total amount of security.

4.02 This performance security shall be denominated in Philippine Pesos and posted in favor of PPA and shall be forfeited in favor of PPA in the event it is established that the CONTRACTOR is in default in any of its obligations under this Contract.

4.03 The performance security shall remain valid until issuance by the procuring entity of the final Certificate of Acceptance.

4.04 The performance security may be released by the procuring entity after the issuance of the Certificate of Acceptance, subject to the following conditions:

- a) Procuring entity has no claims filed against the contract awardee or the surety company;
- b) It has no claims for labor and materials against the contractor; and
- c) Other terms of the contract.

4.05 For the procurement of infrastructure projects, the winning bidder shall post an additional performance security following the schedule above to cover any cumulative increase of more than ten percent (10%) over the original value of the contract as a result of amendments to order or change orders, extra work orders and supplemental work agreements, as the case may be. The winning bidder shall cause the extension of the validity of the Performance Security to cover approved contract time extensions.

4.06 In case of reduction in the contract value or for partially completed works under this contract which are usable and accepted by PPA and the use of which in the judgment of PPA shall not affect the structural integrity of the entire project, PPA may allow a proportional reduction in the original performance security, provided that any such reduction is more than ten percent (10%) and that the aggregate of such reductions is not more than fifty percent (50%) of the original performance security.

#### ARTICLE V COMPLETION TIME: LIQUIDATED DAMAGES

5.01 The CONTRACTOR agrees and obligates itself to perform and complete all works provided for in this Contract within **FORTY EIGHT (48)** calendar days (including Sundays and Holidays), beginning on the date specified in the Notice to Proceed issued by the PPA. Notice to Proceed shall be issued after the signing of this Contract by the Port Manager.

5.02 Time is of the essence of this Contract. Where the contractor refuses or fails to satisfactorily complete the work within the specified contract time, plus any time extension duly granted and is hereby in default under the contract, the contractor shall pay the PPA for liquidated damages, and not by way of penalty, an amount, as provided in the conditions of contract, equal to at least one tenth (1/10) of one (1) percent of the cost of the unperformed portion of the works for every day of delay.

5.03 A project or a portion thereof may be deemed usable when it starts to provide the desired benefits as certified by the targeted end-users and the concerned procuring entity.

5.04 To be entitled to such liquidated damages, the PPA does not have to prove that it has incurred actual damages. Such amount shall be deducted from any money due or which may become due to contractor under the contract and/or collect such liquidated damages from the retention money or other securities posted by the contractor whichever is convenient to the procuring entity.

5.05 In case that the delay in the completion of the work exceeds a time duration equivalent to ten percent (10%) of the specified contract time plus any time extension duly granted to the contractor, the PPA concerned may rescind the contract, forfeit the contractor's performance security and takeover the prosecution of the project or award the same to a qualified contractor through negotiated contract.

5.06 In no case however, shall the total sum of liquidated exceed ten percent (10%) of the total contract price, in which event the contract shall automatically be taken over by the PPA or award the same to a qualified contractor through negotiation and the erring contractor's performance security shall be forfeited. The amount of the forfeited performance security shall be aside from the amount of the liquidated damages that the contractor shall pay the PPA under the provisions of this clause and impose other appropriate sanctions.

#### ARTICLE VI EXTENSION OF CONTRACT TIME

6.01 Should the amount of additional work of any kind or other special circumstances of any kind whatsoever occur such as to fairly entitle the CONTRACTOR to an extension of contract time, PPA shall determine the period of such extension; provided that the PPA is not bound to take into account any claim for extension of time unless the contractor has prior to the expiration of the contract time and within thirty (30) calendar days after such work has been commenced or after the circumstances leading to such claim have arisen, delivered to PPA notices in order that it could have investigated them at that time. Failure to provide such notice shall constitute a waiver by the CONTRACTOR of any claim. Upon receipt of full and detailed particulars, PPA shall examine the facts and extent of the delay and shall extend the contract time for completing the contract work, when, in PPA's opinion, the finding of facts justify an extension.

6.02 No extension of contract time shall be granted the CONTRACTOR due to (a) ordinary unfavorable weather conditions, (b) inexcusable failure or negligence of CONTRACTOR to provide the required equipment, supplies or materials, or (c) other causes of which PPA is not directly responsible.

6.03 Extension of contract time may be granted only when the affected activities fall within the critical path of the PERT/CPM network.

6.04 No extension of contract time shall be granted when the reason given to support the request for extension was already considered in the determination of the original contract time during the conduct of detailed engineering and in the preparation of the contract documents as agreed upon by the parties before contract perfection.

6.05 Extension of contract time shall be granted for rainy/ unworkable days considered unfavorable for the prosecution of the works at the site, based on the actual conditions obtained at the site, for such period in excess of the number of rainy/unworkable days predetermined by the PPA and/or for the equivalent period of delay due to major calamities such as exceptionally destructive typhoons, floods and earthquakes, and epidemics, and for causes such as non-delivery on time of materials, working drawings or written information to be furnished by the PPA, non-acquisition of permit to enter private properties within the right-of-way resulting in complete paralyzation of construction activities, and other meritorious causes as determined by the PPA's authorized Engineer and approved by the PPA. Shortage of construction materials, general labor strikes, peace and order problems that disrupt construction operations through no fault of the contractor may be considered as additional grounds for extension of contract time, provided they are publicly felt and certified by appropriate government agencies such as DTI, DOLE, DILG and DND, among others. Provided, further, that the written consent of bondsmen must be attached to any request of the CONTRACTOR for extension of contract time and submitted to the PPA for consideration and that the validity of the performance security shall be correspondingly extended.

#### ARTICLE VII ENTIRE CONTRACT

7.01 Provisions to the contrary notwithstanding, it is agreed that this is an entire contract for one whole complete work and that partial payments on account by the PPA or the use of parts of the work or equivalent shall not constitute an acceptance of any part of the work before its entire completion and final acceptance in writing by the PPA.

## ARTICLE VIII CONTRACTOR'S LIABILITY

8.01 The Parties, likewise, hereby agree that the employees of the CONTRACTOR are not employees of the PPA; hence, the PPA shall not in any way be liable or responsible for any personal injury or damages, including death sustained or caused by any of the employees of the CONTRACTOR and/or his SUB-CONTRACTOR or agent or supplier whether or not occurring during the performance of their duties. The CONTRACTOR agrees and binds itself to indemnify the PPA for whatever injuries or damages caused or occasioned or contributed to by the failure, negligence or conduct of the CONTRACTOR and/or its employees, sub-contractors, agent and supplier or consultants arising out of or in connection with or on the occasion of the performance of this Agreement. The CONTRACTOR shall, at all times, stand solely liable and/or responsible for the enforcement of, and compliance with all existing laws, rules and regulations and binds itself to save and hold the PPA free and harmless from any and all liability in respect thereof and/or arising therefrom and/or by reason of this Contract and its implementation.

9.03 Any actionable act or acts of ABRAHAM C. DE LA CRUZ arising out of or in the course of this contract shall be understood and binding as an act of **MULTI-SYSTEM CONSTRUCTION & DEVELOPMENT CORPORATION** and vice-versa.

## ARTICLE X INSPECTION AND CONSTRUCTION OF CONTRACT WORK

10.01 Inspection of the contract work shall be conducted by the PPA while such contract work is in progress to ascertain that the completed works comply in all respect with the standard and requirements set forth in the Contract Documents. Notwithstanding such inspection, the CONTRACTOR shall be held responsible for the acceptability of the finished works. The CONTRACTOR shall promptly replace all materials and correct all works determined by the PPA as failing to meet the standard and requirements agreed upon at CONTRACTOR'S own expense.

## ARTICLE XI NON-ASSIGNMENT AND NO SUBCONTRACT

11.01 The CONTRACTOR shall not, without the prior written approval of the PPA, assign, transfer, pledge, sub-contract, or make any other disposition of interest in this Contract. Any unapproved assignment, transfer, pledge, sub-contract or any other disposition, shall be sufficient ground for the PPA to terminate or cancel this Contract *motu proprio* without need of judicial action pursuant to paragraph 19.04 hereof. Should the PPA give its written approval, such consent shall not relieve the CONTRACTOR of its responsibilities under the Contract. The CONTRACTOR shall ensure that the terms and conditions of any such sub-contract shall comply and conform with the terms and conditions of the Contract. The CONTRACTOR shall be responsible for the observance by any sub-contractor of the terms and conditions of the Contract.

11.02 If any portion of the project sub-contracted is not prosecuted faithfully in accordance with the Contract, the sub-contractor shall be removed or replaced immediately upon the written request of PPA, provided, however, that any failure of PPA to make such a request shall not relieve the CONTRACTOR of its obligations under the contract. PPA shall

## ARTICLE XIII WARRANTY

13.01 The CONTRACTOR shall assume full responsibility for the contract work from the time project construction commenced up to final acceptance thereof by the PPA and shall be held responsible for any damage or destruction of the works, except those occasioned by force majeure. The CONTRACTOR shall be responsible for the safety, protection, security, and convenience of its personnel, third parties, and the public at large, as well as the works, equipment, installation and the like to be affected by the construction work.

13.02 The defects liability period for the project covered by this Contract shall be one (1) year from project completion up to final acceptance thereof by the PPA. During this period, the CONTRACTOR shall undertake and complete the repair works, at its own expense, of any damage to the said project within NINETY (90) DAYS from the time the PPA General Manager or his duly authorized representative has issued an order to undertake repair. In case of failure or refusal to comply with this order, PPA shall undertake such repair works and the CONTRACTOR shall fully reimburse the former for all the expenses incurred therein upon demand.

13.03 After final acceptance of the project by the PPA, the CONTRACTOR shall be responsible for structural defects and/or failure of the said project within the period of FIVE (5) YEARS from the date of final acceptance thereof by the PPA. For this purpose, the CONTRACTOR shall put up a warranty security in the form of cash or letter of credit issued by a Universal or Commercial Bank, Bank guarantee confirmed by a Universal or Commercial Bank or surety bond, callable on demand issued by the Government Service Insurance System (GSIS) or a surety or insurance company duly certified by the insurance Commission as authorized to issue such security and acceptable to PPA in accordance with the following schedule:

**ARTICLE XIV  
TAXES, LICENSES, PERMITS AND FEES**

14.01 The CONTRACTOR'S tax, licenses, permits and fees which may be due the local and/or national government on account of the performance and completion of the work stipulated herein, fees for the testing of materials and samples, and fees for the testing and inspection of the installation by all agencies having jurisdiction and all necessary and incidental expenses relative thereto including preparation of documents and notarial fees shall be paid for and obtained by the CONTRACTOR on its own account. Should the PPA be compelled to advance the same, PPA is hereby authorized to deduct the amount advanced from whatever amount due the CONTRACTOR from PPA.

**ARTICLE XV  
AGREEMENT MODIFICATION**

15.01 No modification, alteration or waiver of any provision herein contained shall be binding on the Parties hereto unless evidenced by written amendment or waiver signed and approved by the appropriate approving authorities.

15.02 A variation order (change order/extra work order) may be issued by the PPA under the conditions set forth in the applicable provisions of Republic Act No. 9184 and its Implementing Rules and Regulations.

15.03 The PPA may, at any time by written order and without notice to the Sureties, direct the CONTRACTOR to perform additional/extra work necessary to and within the General Scope of the Contract. The CONTRACTOR shall be paid for additional work items whose unit prices shall be derived based on the following:

- a. For additional/extra works duly covered by Change Orders involving work items which are exactly the same or similar to those in the original contract, the applicable unit prices of work items in the original contract shall be used.
- b. For additional/extra works duly covered by Extra Work Orders involving new work items that are not in the original contract, the unit prices of the new work items shall be based on the direct unit costs used in the original contract (e.g. unit cost of cement, rebars, form lumber, labor rate, equipment rental, etc.). All new components of the new work item shall be fixed prices, provided the same is acceptable to both PPA and the CONTRACTOR, and provided further that the direct unit costs of new components shall be based on the CONTRACTOR'S estimate as validated by PPA via documented canvass in accordance with existing rules and regulations. The direct cost of the new work item shall then be combined with the mark-up factor (i.e., taxes and profit) used by the contractor in his bid to determine the unit price of the new work item:

15.04 Request for payment by the CONTRACTOR for any extra work shall be accompanied by a statement, with the approved supporting forms, giving a detailed accounting and record of amount for which he claims payment. Said request for payment shall be included with the CONTRACTOR'S statement of progress payment.

**ARTICLE XVI  
SUSPENSION OF WORK**

16.01 The PPA or its duly authorized representative shall have the authority to suspend the work wholly or partly by written order for such period as may be deemed necessary, due to force majeure or any fortuitous events or for failure on the part of the CONTRACTOR to correct bad conditions which are unsafe for workers or the general public or to carry out valid orders given by the Government or to perform any provisions of the contract, or due to the adjustment of plans to suit field conditions as found necessary during construction. The CONTRACTOR shall immediately comply with such order to suspend the work wholly or partly.

#### ARTICLE XVII INDIVISIBILITY OF OBLIGATION

17.01 It is the intent of this Contract that all the documents, annexes and addenda forming part therewith shall be read together and that each and every provision or stipulation thereof be given full force, effect and applicability. However, in the event that one or more provisions or stipulations therein be declared null and void by the courts, or otherwise rendered ineffective, the remaining provisions and stipulations shall not be affected thereby.

#### ARTICLE XVIII ARBITRATION/REMEDY AND RELIEF

18.01 Should there be any dispute or controversy in connection with this Contract or difference between the Parties arising from the interpretation of this Contract, the Parties hereto shall, as far as practicable, settle the same amicably. In the event that such dispute or disagreement be not resolved to their mutual satisfaction, the matter shall be submitted for arbitration to the Construction Industry Arbitration Commission (CIAC) created under Executive Order No. 1008, implementing Presidential Decree No. 1746 and R.A. 876, as amended. 18.03 It is clearly understood that in case a dispute or disagreement arises between the PPA and the CONTRACTOR regarding the manner by which the latter is performing its works, the CONTRACTOR shall follow the instruction of the PPA relative thereto, otherwise, it shall have no right to ask for arbitration or go to court for relief.

#### ARTICLE XIX OTHER COVENANTS

19.01 It is expressly agreed and understood that in case of irreconcilable conflict between the provisions of this Contract and the provisions of any of the contract documents, the former shall be controlling.

19.02 It should clearly be understood that any payment or failure of the PPA to demand compliance with any of the terms and conditions of this Contract or any act of liberality on the part of the PPA shall not be construed or considered as a waiver on the part of the PPA for the enforcement of this Contract, nor shall it relieve the CONTRACTOR of any of its obligations provided thereunder.

19.03 Under no circumstances shall the PPA be held liable for the payment of any variation orders, change order or extra work order, undertaken without the prior written approval of the PPA Port Manager to perform said work.

19.04 Notwithstanding any provision to the contrary, the PPA has a right to terminate, cancel and/or rescind this contract *motu proprio* in case of breach thereof by the CONTRACTOR without need of judicial action by giving at least TEN (10) Days written Notice to that effect to the CONTRACTOR, which Notice shall be final and binding on all the parties.
