is our current distributor to supply Smiths Detection products and carry out preventive, corrective maintenance service and supply of parts for the Baggage X-ray Machines that are manufactured by our organization for the project name Comprehensive Preventive Maintenance Services (CPMS) for Philippine Ports Authority (PPA) Property. Smiths Detection does not currently engage any other distributors to supply such products and services for such project. As such, DPSPI is currently the only distributor engaged by Smiths Detection (Asia Pacific) Pte. Ltd. for such project.

This supporting letter will expire one (1) year from the date of issue or upon expiry of the current Distribution Agreement, whichever is earlier.

Yours faithfully,

Smiths Detection (Asia Pacific) Pte. Ltd.

2/7/2021

Mabel Lek
